

Dear Valued Society Hill Dental Patients and Friends,

We are writing to share some very exciting good news! The dental practices of Dr. Winans and Dr. Bonomo are merging. That's right! We have united our doctors, dental clinical teams and administrative staffs together to become **Union Dental Health**.

At **Union Dental Health**, Dr. Winans and Dr. Bonomo, both Lewisburg dentists who have over 55 years of experience combined, will continue to provide the highest degree of excellence in dentistry to our patients in Union and nearby Central Pennsylvania counties.

We are also very excited about offering the advantage of expanded access to additional specialized dental and esthetic treatments and procedures. **Union Dental Health** will still provide all of the vital preventive and restorative dentistry that you are accustomed to experiencing as an essential part of maintaining your overall general health. We will also provide the placement and restoration of dental implants and other advanced oral surgery procedures, Invisalign orthodontics, advanced cosmetic dentistry, endodontic root canal procedures, and sleep dentistry treatment, as well as providing Juvederm and Botox facial rejuvenation treatments and TMJ-related procedures.

At **Union Dental Health**, we will also continue to lead in advanced dental patient care. We utilize state-of-the-art technology by offering CEREC same-day crowns, 3D intraoral scanning and radiographic imaging (CBCT), Solea Dental Laser for anxiety-free and pain-free caries removal and soft tissue surgery (virtually free of anesthesia needles and the sound of the drill), as well as other advanced procedures.

We will soon provide you with more information about the date for the change of location for your future appointments, since our offices will be combining under one roof at 38 North Second Street sometime in August, so stay tuned!

You can trust that our dedication to quality dentistry with compassion will improve your comfort, save you time, and enhance your overall dental healthcare experience. We look forward to seeing you soon at **Union Dental Health**. Until then, please accept our best wishes for a happy, healthy and safe summer.

Sincerely,

Dr. Scott J. Bonomo, DMD

Dr. Larry J. Winans, DMD
